

## Letter of confirmation

### HALAL

We confirm the following facts in connection with the use of our products in the HALAL range:

- All pure salts produced by us are purely mineral in composition. They do not contain any animal and/or vegetable components.
- No animal or vegetable products or by-products are processed or stored in the entire salt production area.
- Ethanol is neither processed nor stored nor used for cleaning purposes in the entire salt production area.
- ives or auxiliary materials of animal origin, such as flavourings, emulsifiers, stabilizers, enzymes, clarifying agents, etc., are neither used in salt production nor stored in the vicinity of production.

Based on the above-mentioned facts, we assume that our products may be used without reservation in all areas of HALAL production.
